

A Miracle Child's Only Wish.

In the spirit of giving during this time of year, We ask you to join us and the ALO Cultural Foundation in making a difference... Together we can help give a little magic, And a few miracles into so many needy children's lives...

Against all odds, 8 year old Hussein Balhas survived a very rare disease. His mother knew something was wrong with her baby and like any expectant mother, she was scared. Nobody wanted to tell her that her unborn child had a very small chance to survive and many doctors recommended that she terminate her nine-month pregnancy. Hussein's mother and father talked about it and they were determined to give the baby a chance to live.

Despite the doctors predictions, Hussein miraculously survived and although he has numerous physical challenges, most of his medical problems can be corrected here in the United States—including his eye, hearing difficulties, syndactyly (fused digits), agenesis of one of his kidneys, urethra and testicular issues and incomplete closure of the skull.

Hussein's childhood has been filled with challenges, sadness and despair with little Holiday Cheer. Please share your kindness, your warmth and your heart with a child that will truly appreciate the smallest gift of love.

There are so many suffering children, like Hussein, that need more than their families can give. They need people like you and me to stop and remember what the Holiday season is truly about. Please give the children a voice and make their Holiday Season one that they will always remember!

Miracles do happen...but it's up to you to step up and make it happen. To learn more about how you can Give the Gift of Love to Hussein or any of the other children in need, please contact The ALO Cultural Foundation at 818-727-7785 or just send in your Gift now by completing the enclosed form or log onto: <http://www.alomagazine.com/about/culturalfoundation.html>.

Make this a year that matters for you, and for the children that need you most!
